## 21st Century Cures Act / NJ Family Care

Effective January 1, 2018, the 21st Century Cures Act 114 P.L. 255 requires all Medicaid Managed Care Network Providers to enroll with the state Medicaid program or risk being removed from the managed care provider network. Enrollment as a NJ Family Care provider does NOT require you to service all NJ Family Care Fee-for-Service Beneficiaries.

The 21st Century Cures Act mandates that all NJ providers enroll with NJ Family Care. This will, essentially, provide a Medicaid ID number to all NJ providers treating Medicaid patients. This is now a state and federal requirement. The State of NJ has not yet begun to enforce this new initiative, but when they do, claims submitted for services rendered on Medicaid patients will be denied and subsequently not paid.

**The 21st Century Cures Act Enrollment Application should be submitted to the DXC Technology Provider Enrollment Unit** Providers should continue to provide services to NJ Family Care managed care members as the enrollment application is processed. Noncompliance with this requirement will not result in termination of your contract with Therapy Network of New Jersey (TNNJ) at this time. **However, continued noncompliance with this mandated enrollment process may lead to future termination of your TNNJ contract as determined by the Division of Medical Assistance and Health Services.**

**The 21st Century Cures Act application for enrollment can be accessed directly by using the following link: [www.njmmis.com](http://www.njmmis.com)**
